CONDITIONAL REZONING REQUEST

5. PUBLIC HEARING – CONDITIONAL REZONING APPLICATION (File Number CR 008)
– Proposed Tim Horton's Café, Northwest Corner Square Lake and Dequindre, Section 1,
From NN (Neighborhood Node "N") to CB (Community Business) District

Mr. Hutson informed the Board he has a client who might be involved in litigation with the petitioner's law partner. Mr. Hutson asked to recuse himself from discussion and deliberation on this item to avoid any appearance of impropriety.

The Board had no objection to the request.

[Mr. Hutson exited the meeting.]

Mr. Carlisle gave a review of the Conditional Rezoning application. Mr. Carlisle said the proposed drive-through use predicated on a conditional rezoning would not advance the Master Plan intent of the Neighborhood Node "N" zoning classification. He addressed the size of the parcel in relation to the drive through, the restaurant use in terms of parking and the corner location with two access points.

Mr. Carlisle further identified specific site plan issues:

- Deficiency in parking spaces; 20 provided, 28 required.
- Requirement of 10 stacking spaces; 10th stacking space protrudes into drive aisle.
- Bisected / disjointed parking area.
- Potential deficiency in overall landscape area; 20% required, plan does not indicate.
- Impact on residential property to the west.
- Access and internal traffic circulation; specifically in morning and evening hours.
- Internal pedestrian circulation; both from parking lot to building and in location of menu/speaker board.
- Lack of snow storage location.
- Dumpster location; high visibility on Square Lake Road.
- Unknown specifics from future traffic study; petitioner expressed feedback from Planning Commission prior to providing traffic study.

Mr. Carlisle did not recommend approval of the Conditional Rezoning application, as submitted. He offered the following suggestions:

- Consider adding a portion, if not all, of the parcel to the north.
- Keep restaurant use but eliminate the drive-through.
- Consider an alternative use of site.

Mr. Savidant announced the Planning Department received 16 email messages from residents in the area, of which copies were distributed to members prior to the beginning of tonight's meeting.

The petitioner, Burt Kassab, was present. Mr. Kassab stated the property owner, Sam Askar, is present and in the audience. Mr. Kassab addressed the size of the parcel. He compared the proposed Tim Horton restaurant site to two existing Tim Horton restaurants in Troy on Rochester Road and Maple Road, as relates to parcel size and building size. Mr. Kassab said they have tried to meet the Neighborhood Node requirements in every respect.

Mr. Kassab reported the overall landscaped area is 21.1%; exceeding the 20% requirement. He stated Tim Horton's corporate office is satisfied that the 20 parking spaces provided will be sufficient. Mr. Kassab said the parcel to the north provides a great buffer to the residential neighborhood. He addressed the location and decibel level of the menu/order board that faces Square Lake, indicating it should have no affect on the neighborhood. Mr. Kassab said a drive through restaurant is a corporate requirement.

Mark Kellenberger, Tim Horton's project planner, was present. Mr. Kellenberger said to his knowledge, all freestanding Tim Horton restaurants in Michigan are drive-through restaurants; those without drive-through's are located in non-traditional locations.

There was discussion on the following:

- Curb cuts / access points.
 - Critical to petitioner to attract business from both Square Lake and Dequindre Roads.
 - Curb cuts currently exist, installed by City during widening of right of way.
 - Affect on development should traffic study determine elimination of one curb cut to potentially alleviate traffic issues.
 - Petitioner stated restaurant operations would likely not go forward with development.
 - Elimination could potentially create more traffic issues.
 - Engineering review had no comments on curb cuts; asked petitioner to provide traffic study.
- Deficiency of eight (8) parking spaces.
 - Restaurant operations satisfied proposed parking is sufficient.
- Traffic, internal circulation, drive-through.
 - Morning hours draw majority of business, heaviest traffic and drive-through use.
 - Afternoon/evening hours light; new marketing strategy to attract customer base.
 - Configurations of turn lanes at intersection.
 - No escape lane proposed.
- Buffer to residential.
 - Dense evergreens to west and north.
 - Fence around property line.
 - Parcel to north acts as buffer.
 - Masonry wall on west.

- Noise levels; petitioner addressed menu board location.
- Property to north; parcel larger in size than subject parcel.
- Positive features of site plan, restaurant use and location.
 - Patio.
 - Walkability.
 - Two access points.
 - Good fit for potential customer base; nearby hospital.

Ritika Undemane	2892 Briarwood
Anup Gogle	2936 Briarwood
Norman Balston	2916 Briarwood
Akram Muhammad	2978 Briarwood

Residents who spoke in opposition expressed concerns with:

- Traffic congestion, signalization.
- Internal circulation; stacking of cars.
- Noise level.
- Lights.
- Garbage, litter.
- Overall safety.

- Non-friendly sidewalk/bicycle use.
- Deviation from Master Plan intent.

The following resident spoke in favor:

G. James Grix	2508 Coral
---------------	------------

Mr. Grix said a restaurant would generate revenue, offer employment and a 'go to' place for the neighborhood. He said other cities are attracting drive-through restaurants and potential revenue because Troy turns them away.

PUBLIC HEARING CLOSED

Discussed followed:

- Site plan design as relates to positive features and deficiencies.
 - Stacking spaces critical; no provision to waive Zoning Ordinance requirement.
- Master Plan intent.
- Responsibility of Planning Commission; health, safety and welfare of residents.
- Potential impact / non-impact on neighboring residents.
- Limited operational hours for drive through.
- Approval process.
 - Recommendation to City Council.
 - Conditions to site plan must be volunteered by petitioner.
 - Site plan, if approved, would not come back before Board.
- Consider noise/decibel study.
- Potential of traffic study to impact lay of the property.
 - Site plan might not come back before Board.
- Legal opinion to complete Conditional Rezoning Agreement and traffic study prior to recommendation to City Council.

The property owner, Sam Askar, addressed attempts to develop parcel after purchasing it from the City seven years ago. Mr. Askar said the asking price of the property to the north is high, and even if acquired a larger Tim Horton restaurant would be proposed. He intimated that most likely the Tim Horton's corporate office would go to another city with a proposal if the Board does not approve this application. Mr. Askar, noting he is familiar with the area, addressed the concern expressed for the safety of school children.

Mr. Kassab said he believes the asking price of the parcel to the north is above market and informed the Board that negotiations could not be reached with the two owners.

Mr. Kassab said if the Board chose to postpone the item, he would work on traffic study issues and relocation of the dumpster.

Resolution # PC-2013-01-003

Moved by: Schultz

Seconded by: Krent

RESOLVED, To postpone the item for thirty (30) days, not to exceed 30 days.

There was discussion on the existing sign. Sign placement is not within the Planning Commission purview but it was noted there was concern with pedestrian visibility.

The petitioner, Doug Brinker of Atwell, and Jeff Wagner, representative of Fifth Third Bank, were present.

Mr. Wagner addressed the recently adopted Zoning Ordinance Text Amendment with respect to drive-through's on Big Beaver Road. Mr. Wagner acknowledged the City's concern on the sign placement.
